https://github.com/anesushangwa01/profile

I possess a diverse skill set in web development, including proficiency in HTML, CSS, JavaScript, and Angular. I have hands-on knowledge in database design and development, as well as server-side development using PHP, and Node.js. Additionally, I have knowledge in API integration with RESTful services. With a strong foundation in these technologies, I can design and implement dynamic and interactive web applications. My ability to leverage these skills allows me to create engaging user experiences while ensuring efficient data management and server functionality. I am eager to contribute my expertise to a dynamic team and support the success of web development projects.

Education

BYU-Pathway Worldwide   **Salt lake,Utah,U.S.A**
Pathway Connect Certificate   *September 2020-August 2021*

- Speaking & writing
- Decision making & problem solving.
- Online teamwork & collaboration
- Leadership & time management.

Brigham Young University - Idaho   **Rexburg, Idaho,U.S.A**
